Unpacking and Installation

Although it is neither complicated to install nor difficult to operate your set , a few minutes of your time is
required to read this manual for a properly wired installation and becoming familiar with its many features
and how to use them.

Please take a great care in unpacking our set and do not discard the carton and other packing materials. That may
be needed when moving your set and are required if it ever becomes necessary to return your set for service.

Never place the unit near radiators, in front of heating vents, excessive humid or dusty location to avoid early
damage and for your years quality use. Connect your complementary component as illustrated in the following page.

CAUTION
RISK OF ELECTRIC SHOCK
DO NOT OPEN

CAUTION : TO REDUCE THE RISK OF ELECTRIC SHOCK.

DO NOT REMOVE COVER (OR BACK).

NO USER-SERVICEABLE PARTS IN SIDE.
